DISCIPLINARY GUIDELINES FOR HERTS BASKETBALL LEAGUE OFFICIALS

Disciplinary reports are needed for the following reasons.

- **A DISQUALIFYING FOUL**
- **AN EVENT/INCIDENT AFTER THE END OF THE GAME** involving a Coach/Player/Team Official/Spectator.
- **Anything you feel you need to report to the league for consideration by the League Disciplinary Officer(LDO) – Facilities or anything not covered above.**

Disciplinary reports are NOT required for:

- **2 Technical / 2 Unsportsmanlike Fouls or combination that results in a player or coach being disqualified from the game – these matters will be dealt with by the league secretary through the penalty points system.**

REPORTING TIMELINE

- **A written report by BOTH floor officials (whether directly involved with the incident or awarding the Disq. Foul or not) within TWO WORKING DAYS of the game being played.**
- **It must be sent ONLY to the LDO, no one else should be copied into the report – this is very important as it could cause issues with the determination and any subsequent appeal that may result from the LDO decision.**
- **The reports MUST BE, as far as possible, be independently written and no collusion should be made between the floor officials apart from what was discussed on the court at the time of the incident. If one of the floor officials did not see the event/incident – then just say that – there is no issue if you say that.**
- **The reports MUST BE FACTUAL – State the facts and any information you feel will help the LDO make an informed decision on any incident. Any previous incidents or history during the season involving the player or coach should not be stated – the LDO must only decide on what happened in that game, not what has gone on previously in the season or last season.**
- **If any HBL Committee members are present at the game they, if they wish, send a written report to the LDO on the incident, but that is purely optional.**

- If there is any VIDEO of the game that would help the LDO decide and BOTH TEAMS AGREE TO ITS USE, then the CREW CHIEF should liaise with the owner of that recording for it to be forwarded to the LDO ASAP, but preferably within 48 hrs of the game being played. As not all clubs video their games – the use of video evidence is OPTIONAL and should not disadvantage any team(s) that don't have any video of the game.
- Once the reports are sent to the LDO, please be available to the LDO to answer any questions or clarifications on the report sent by you.
- The LDO (and the panel members) will try and decide within two working days of all the reports being received.
- If a club official wishes to send a report to the LDO, then that is acceptable but will only be used by the LDO if they feel it adds any value or additional info on the incident.
- At NO STAGE should there be any dialogue or communication between clubs / players or officials unless initiated by the LDO to gain further information or clarification of facts stated.

LDO COMMENT

The floor officials have everything in the FIBA rules of basketball and HBL rules to deal with what happens on the court during the game and especially relevant regarding coach/bench behaviour, and the spectators at the venue.

The reporting of player/coach/bench personnel behaviour post-match having not dealt with it during the game could show a lack of confidence, understanding and implementation of the rules of the game. It is incumbent on the more experienced referees to support the newer referees in the league to confidently call what they see, punish unacceptable behaviour or language and not be nervous or scared to call TF or deal with bench decorum and thus lol avoid unnecessary reporting post-game.
